

ConnecTo: Leader's Guide

The ConnecTo Leader's Guide is a comprehensive package enabling you to implement this unique spiritual screening tool in your program area.

Why use it?

- Spiritual care screening is the first step in building meaningful relationships with people in your care
- ConnecTo is demonstrated to provide deeper insight in to what is important for the older person in your care
- ConnecTo equips staff in a range of roles to have a deeper conversation
- ConnecTo is demonstrated to improve care planning
- Improved experience for the older person

About ConnecTo – Leader's Guide

- ConnecTo uses the work of Dr Julie Fletcher
- Focusses on connectedness, one of the key domains of spirituality
- Provides a pathway for implementation
- Successfully trialled with staff and older people in aged care organisations: Arcare, Churches of Christ Queensland, The Bethanie Group

Which program areas?

- Palliative care, healthcare, community and residential aged care
- Use in staff development

Who can use it?

- Staff who have completed an Orientation to Spiritual Care

"By understanding my own connections and the importance it has for me as an individual, I can know, understand and value the importance of spirituality for others".

Training participant, Churches of Christ QLD

"Opened up opportunities to consider the 'whole' person".

Training participant, Lutheran Aged Care
